

# Oshkosh Corporation to Display Next Generation Delivery Vehicle and Electric Refuse and Recycling Collection Vehicle at 2024 ACT Expo

May 21, 2024 11:01 AM

OSHKOSH, Wis.--(BUSINESS WIRE)-- Oshkosh Corporation (NYSE: OSK), a leading innovator of purpose-built vehicles and equipment, will showcase two electrified, route-based fleet vehicles in booth #2717 at ACT Expo in Las Vegas from May 20-23, 2024.

Oshkosh is leading the way in [electrifying](#) purpose-built, route-based commercial fleet vehicles. The Company has introduced industry-altering, electrified products in nearly every end market it serves (construction, fire apparatus, airport ground support equipment, refuse and recycling collection, defense and more). Two of these vehicles will be displayed in the Oshkosh exhibit: the Next Generation Delivery Vehicle (NGDV) for the United States Postal Service (USPS) and the McNeilus® [Volterra™ ZSL™](#), a fully integrated, zero-emission electric refuse and recycling collection vehicle.

- **Next Generation Delivery Vehicle:** The [NGDV](#) is a modern, safe, and dependable vehicle that will connect every home and business across the United States. This American-made vehicle represents the innovation and reliability that mail carriers have anticipated.
- **The McNeilus® [Volterra™ ZSL™](#):** Is North America's first fully integrated electric refuse and recycling collection vehicle (eRCV). It delivers exceptional ergonomic benefits and outstanding total cost of ownership. The [Volterra ZSL eRCV](#) features a driver-first design and technology to optimize ease of operation, safety, visibility, maneuverability and comfort. The vehicle has earned zero-emission certifications from the United States Environmental Protection agency (EPA) and the California Air Resources Board (CARB).

“Oshkosh is an industrial technology company driven by innovation – harnessing technology to support everyday heroes. The technology that we develop and implement into our vehicles enables people to do their jobs safer, more efficiently and more sustainably while enhancing overall performance. They are the fleet vehicles of the future,” said Jay Iyengar, executive vice president and chief technology and strategic sourcing officer, Oshkosh Corporation.

In addition, Oshkosh will be displaying a prototype high voltage (HV) power distribution unit (PDU) developed by its Pratt Miller business unit. The HV PDU is designed to deliver power to all critical loads within an electric vehicle (EV) system, including traction and auxiliary loads, while protecting electrical and electronic components and vehicle occupants with reliable circuit protection solutions.

### **Forward Looking Statements**

This news release contains statements that the Company believes to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact, including, without limitation, statements regarding the Company's future financial position, business strategy, targets, projected sales, costs, earnings, capital expenditures, debt levels and cash flows, and plans and objectives of management for future operations, are forward-looking statements. When used in this news release, words such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “should,” “project” or “plan” or the negative thereof or variations thereon or similar terminology are generally intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions, and other factors, some of which are beyond the Company's control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. These factors include risks related to the Company's ability to successfully execute on its strategic road map and meet its long-term financial goals. Additional information concerning these and other factors is contained in the Company's filings with the Securities and Exchange Commission. All forward-looking statements speak only as of the date of this news release. The Company assumes no obligation, and disclaims any obligation, to update information contained in this news release. Investors should be aware that the Company may not update such information until the Company's next quarterly earnings conference call, if at all.
